# GORDON ELLIS ABOUT US

## GORDON ELLIS HEALTHCARE

We believe that everyone should live with independence, dignity and safety.

As a family business established over 150 years ago, we believe that our customers know their needs best. Our award winning products have only been made possible by working closely with professionals and by listening to our customer's feedback. Driven by a real understanding of our user's needs, we make it easier to take care of yourself, or the people you care for.

Gordon Ellis and Co. produce high quality yet affordable products, designed with care and attention. We are inspired by the positive changes we help people make every day, and we hope this product brochure has some new ideas for you too.

Our team looks forward to answering any questions you may have.

**Bill Ellis**, Chairman

**Fiona Ellis-Winkfield**, Managing Director

# CONTENTS

## FURNITURE RAISERS

5

Our range of Furniture Raisers is trusted by Occupational Therapists and Physiotherapists. They are designed to raise the height of furniture, making it easier to enjoy your life at home.

## BATHROOM

15

A few extra fixtures in the bathroom can make a big difference. Our designers have developed a full range of grab rails, raised toilet seats, bath steps and bath seats to help people stay independent by giving extra comfort and safety.

## KITCHEN

39

Useful gadgets to make kitchen jobs easier, such as the Kettle Tipper and Spill Not jar opener, which can even be used one-handed.

## OUTDOOR

43

Our outdoor range provides assistance to those with weak grip and reduced mobility. Our range draws on feedback from users and Occupational Therapists and includes outdoor half steps, grab bars and the Springbok Walking Stick Handle.

## BEDROOM

51

Made from the highest quality wood and fabric in colours to match the style of any room, our range includes discreet commode chairs and new transfer boards in bamboo.

# FREQUENTLY ASKED QUESTIONS

## CAN YOU MOVE FURNITURE ONCE IT IS RAISED?

No, with the exception of the Leg-X (page 13)

## DOES A CHAIR HAVE TO BE POSITIONED AGAINST A WALL ONCE IT IS RAISED?

We suggest furniture is positioned against a wall, ideally in a corner; but it is not always necessary, depending on the user's interaction with the furniture. Your risk assessment should take this interaction into account when deciding where to position it and also the environment of where it is being raised.

## CAN YOU RAISE RECLINING CHAIRS?

No, some reclining chairs have a mechanism that, when on the floor, lifts the front castors up to prevent movement of the chair when reclined. This can lift the chair free of the raiser and make the chair very unstable.

## CAN YOU RAISE A PROFILING BED?

Yes, as long as it has a divan style base, it can be possible to use the Multi-Purpose Raiser subject to a risk assessment (particularly for weight and motion from the motors).

## CAN A LEG BE SUPPORTED IN THE WELL ON THE MULTI-PURPOSE RAISER?

Yes, although it should only be used in this way when the leg will not fit into any of our other furniture raisers. Other raisers are more suitable for thin legs.

## CAN THE WELL ON THE MULTI-PURPOSE RAISER SUPPORT A LOAD?

Yes, our MPR is designed to be load bearing both in the well and around the top, as long as the furniture makes contact around the whole top rim of the raiser. The total weight limit is 78 stone (500kg) across the set of raisers, including the weight of the furniture.

## CAN YOU RAISE A SOFA?

Yes, a two seater sofa can be raised using the Multi-Purpose Raiser or SureGrips. Use the extra-long spreader bar to accommodate a small two seater sofa up to 1.5m (60" long), provided it has only four castors, with the benefit that all the supports are linked. With three seater sofas, we recommend that three linked SureGrips or Multi-Purpose Raisers are used, with a support at each end running front to back underneath the arms. An additional support is placed in the middle, even if there are no castors to support. A sofa should always be placed against a wall or across the corner of a room. It is always preferable to raise a single armchair where possible.

## CAN WE RAISE THE BACK OF A CHAIR MORE THAN THE FRONT?

No, furniture is designed to stand on a flat and reasonably level floor: If you start to raise it at different heights either at the front or back, the furniture is no longer standing on a level plane. You are putting forces through joints in ways they were not designed for. It is also uncomfortable for the user, as they may now be sitting on a forward incline, which places shear forces on the buttocks and thighs.

## WHAT DO WE DO WITH LAMINATE FLOORING?

Where the furniture is moving on a laminate floor, we suggest that a non-slip mat should be placed between the raiser and the floor. We recommend a mesh type, which has spaces for liquids to collect if spilled, rather than a solid sheet which can aquaplane.

## IS THERE ANY FURNITURE YOU DO NOT RECOMMEND RAISING?

Yes, we do not recommend raising corner sofas, Ottoman beds, chaise longues, beds with televisions or four poster beds. We do not recommend our **raisers for reclining chairs**, but profiling beds can be raised, if they have a divan style base.

# FURNITURE RAISERS

**FURNITURE RAISERS MAKE SITTING DOWN AND STANDING EASIER.**

Our industry leading range of furniture raisers is trusted by Occupational Therapists and Physiotherapists to safely lift furniture.

Furniture Raisers easily attach to existing furniture so you can avoid the significant expense of buying new higher chairs or beds.

We offer a specialist training session for healthcare professionals, certified by the College of Occupational Therapists. Please contact us for details.

# WHY RAISE FURNITURE?

If your hips are lower than your knees when you are sitting down, your chair may be too low. Furniture Raisers make a chair or bed higher, which makes it easier to get up from.

It is important to raise every point of contact with the floor by the same height. All castors or legs are load bearing and need to be supported.

Be careful not to raise furniture too high, as it can be uncomfortable for the user. The perfect raise height should make the hip level with the knee.

The key benefit of our furniture raisers is that they are versatile - you can raise chairs, beds, sofas and even tables. We recommend looking to raise a single armchair first, when possible as it allows the user to push on both arm rests when standing or sitting down. A two or three seater sofa can be raised, but please take care as a sofa is communal furniture and the traffic on and off it will be greater.

## HOW MUCH SHOULD I RAISE IT?

1. Measure the distance from the floor to the back of the knee, when the person is wearing any shoes they would normally wear around the house (Fig. 1).
2. For chairs: Measure the height from the floor to the top of the seat when it is depressed, as if someone were sitting in the chair.  
For beds: Measure the height from the floor to the top of the mattress when depressed, as though someone were sitting on the edge of the bed (Fig. 2).
3. Subtract Fig 1. measurement from Fig 2. measurement to give you the measurement of the raise required.

# LANGHAM SUREGRIP

DESIGNED TO MAKE FURNITURE RAISING AS SIMPLE AS POSSIBLE.

The Langham SureGrip features a double grip to hold tightly on to furniture.

## KEY FEATURES

- Most versatile on legs, castors & block feet
- Twists to quickly adjust height
- Use independently or linked

Designed to make raising furniture as simple as possible, it can be used with most types of furniture. It can accommodate castors, legs, solid divan bases and even modern block feet, by using the included adhesive pad adaptors.

Each Langham SureGrip features a unique double grip to hold tightly on to furniture without damaging it. The height is adjusted in seconds simply by twisting the unit up and down. The exact raise height is shown on the side as you raise it.

## ADDITIONAL LINK ARMS

The Langham SureGrip can be easily linked together to create a stable linked raise, for furniture that is prone to movement when used.

**IDEAL FOR:** Sofas, beds, chairs (except dining chairs)

 **700KG** / 110 STONE / 1540 LBS

Beds

Chairs

Use with legs up to 2¾ inch (7cm) thick  
Raises 1½ - 4 inch (3.8 - 10cm)

Use with castors  
Raises 3 - 5½ inch (7.5 - 13.8cm)

Use adaptor with block feet or solid bases  
Raises 4 - 6½ inch (10 - 16.3cm)

## SINGLE PACKS

**60570** Raisers (pk 4) in a retail box with adaptors

**60570/NS** Raisers (pk 4) in a plain box with adaptors

## BULK PACKS

**60570/B** Raisers (5 pks of 4) in a bulk box, without adaptors

## OPTIONAL EXTRAS / SPARE PARTS

**60571** Link arms (pack of 2)

**60572** Spreader bar (single, with bolt)

**60573/B** Block foot adaptors (bulk box of 20)

**60573** Block foot adaptors (pack of 4)

**60574** Spare foot pads (pack of 12)

# MULTI-PURPOSE RAISER

THE INDUSTRY STANDARD:  
STABLE, VERSATILE & DURABLE.

## KEY FEATURES

- Built from components for versatility
- Suits castors, chunky legs and solid bases
- Creates a secure linked raise

The Langham Multi-Purpose Raiser has been carefully developed using over 30 years of experience in design and manufacturing furniture raisers, coupled with feedback from Occupational Therapists.

Linked raisers provide the safest method of raising furniture, as they are very stable, even for those who sit down forcefully. The Multi-Purpose Raiser components can be used to build a stable raiser for the majority of armchairs, beds and sofas, yet can be removed without damaging or changing the furniture.

**IDEAL FOR:** Armchairs, sofas and beds

### MULTI PURPOSE RAISER (MPR)

One pair of linked supports with a bolt. **LP/MPR-BK**

### SPREADER BAR AND BOLT

Spreadable bar and bolt used to link two MPR units.

**LP/MPR/SB (Pack of 6)  
60572 (Single)**

### CLIP ON HEIGHT SECTIONS

Use a maximum of four. Each section raises  $\frac{3}{4}$  inch (2cm)

**LP/MPR/BASE-BK  
(Pack of 12)**

### EXTRA LONG SPREADER BAR

To stretch out MPR unit across a king size bed.

**LP/MPR/4 (Pack of 4)**

A spare wingnut and bolt is available:

**LP/BOLTSET**

The tough high quality plastic will give a long service life and is easy to clean by hand or mechanical processes. The unique pivoting head allows the same main unit to be used at the head, middle or foot of a bed, or perfectly placed to fit into the corners of an armchair:

The unit is load bearing on top and in the well, so it is versatile enough to raise furniture with castors, solid bases, large wooden blocks that will rest on top, or large wooden legs that will fit inside. It can even raise the double castors found on divan beds.

### THE HEIGHT RANGE ACHIEVABLE IS:

- 2- 5 inches (5-12.5 cm) for furniture with legs
- 3-6 inches (7.5-15 cm) for furniture with castors, depending on castor size
- 4-7 inches (10-17.5 cm) for furniture with a solid base or large wooden blocks

### RAISE HEIGHTS:

#### LEGS

2-5 inch  
5-12½cm

#### CASTORS

3-6 inch  
7½-15cm

#### DIVAN BASE

4-7 inch  
10-17½ cm

**500KG / 78 STONE / 1100LBS**

# ADJUSTABLE CHAIR RAISER

THE ORIGINAL LANGHAM RAISER,  
FOR FIRESIDE CHAIRS.

## KEY FEATURES

- Quick and easy to fit or remove
- Blocks included to adjust height
- Linked raise for best possible stability

The original Langham Adjustable Linked Chair Raiser is designed for fireside chairs, and has been tried, tested and trusted by Occupational Therapists for decades.

The linked design gives the highest level of stability, supplied fully assembled in an easy to fit pack. The load-bearing point is at the bottom of the well, so they are ideal for thin legs. It is not load bearing on top.

Height adjusting insert blocks are included to change the raise height from 2-4 inch (5-10 cm) depending on the user's needs.

**IDEAL FOR:** Armchairs.

LP/JLP125PI

Adjustable Chair Raiser

**500KG** / 78 STONE / 1100 LBS

# ADJUSTABLE BED RAISER

DESIGNED FOR RAISING BEDS  
WITH THIN LEGS.

## KEY FEATURES

- Quickly raises beds
- Strong and steady in use
- Versions available for single and double beds

The Langham Adjustable Linked Bed Raiser can be used to raise beds with legs up to 2 ½ x 3 inch in size (6.4 x 7.6 cm).

It has been carefully designed for beds supported on legs. Each unit is linked across the width of the bed to provide greater strength. In addition, each base is elongated to improve the size of the footprint, giving greater stability and reassurance to the user.

The raise can be altered using the insert blocks under the bed legs to provide three different height adjustments - 2 ½, 3 ½ and 4 ½ inch (6.4, 8.8, 11.3 cm). Legs should only make contact at the bottom of the well. It is not load bearing on top.

**IDEAL FOR:** Beds with thin legs.

Double Beds

LP/NLP129S

Single Beds

**500KG** / 78 STONE / 1100 LBS

# GRIP-ON RAISERS

THE GRIP-ON RAISERS ARE HIGHLY VERSATILE AND WORK WITH FURNITURE ON CASTORS OR ON LEGS.

## KEY FEATURES

- Grips firmly onto castors or legs
- Increased reassurance and safety
- Shortest possible raise of 1 inch (2.5 cm)

The Grip-On Raisers use a unique 'doughnut' to grip on to the furniture meaning no tools are needed. There are three sizes to choose from.

The raiser becomes attached to the furniture without damaging it, giving increased safety over cone raisers and providing additional reassurance for the user.

The Grip-On raisers are provided as a set of four with a 3 inch (7.5cm) raise made up of individual 1 inch (2.5cm) sections. A raise height can be set as low as just 1 inch (2.5cm) or, by using two packs, can be set as high as 5 inch (12.5cm).

If in doubt, please contact our helpful team for advice.

**IDEAL FOR:** Chairs (except dining chairs), beds and sofas.

**Do not move the furniture once raisers are fitted.**

## TO SELECT THE CORRECT SIZE

Please place the foot or castor over the guide above, or request a free Grip-On gauge from our office.

**Minimum diameter: ¾ inch (19mm)**

- **LP/K100:** Maximum diameter 1¼ inch (32mm)
- **LP/K200:** Maximum diameter 1¾ inch (45mm)
- **LP/K300:** Maximum diameter 2¼ inch (58mm)

 **500KG / 78 STONE / 1100 LBS**

# ELEPHANT FEET

QUICKLY RAISE THE HEIGHT OF A CHAIR OR BED

## KEY FEATURES

- Tried and tested design
- Easy to fit and remove
- Wide central recess for castors

Elephant feet can be fitted underneath a chair or bed in a matter of minutes, and removed easily when no longer required. Each foot is placed under the castors or legs of the chair or bed, raising the height by either 3½ or 5½ inches (depending on model).

The simple and strong design doesn't draw attention and blends well with furniture. The wide top is 3½ inches in size and holds a slip resistant insert with a central recess.

**IDEAL FOR:** Armchairs, sofas and beds.

**Do not move the furniture once raisers are fitted.**

**6070** 3½ inch (9cm)

**6074** 5½ inch (14cm)

**380KG** / 60 STONE / 840 LBS

# PANDA CUBES

MAKES FURNITURE MORE COMFORTABLE TO USE

## KEY FEATURES

- Simple to install
- Bamboo is attractive and eco-friendly
- Clear lacquer for a hard wearing finish

Made from attractive bamboo, these cubes offer a stylish way to raise the height of your furniture. They feature a clear lacquer which ensures a hard wearing finish and resistance to water.

**Available in 2 heights;** 3½ inch (9cm) and 5½ inch (14cm), they are quick and simple to install. The 3½ inch (9cm) raisers have 3 recesses to choose from for different leg widths. The 14cm offers a wider solid base.

Supplied as a pack of four; individually or in bulk packs.

This product supersedes the Silva Cube furniture raiser range (product codes 5513, 5514, 5515 & 5516).

**IDEAL FOR:** Armchairs and beds with thin legs.

**Do not move the furniture once raisers are fitted.**

**55913** 3½ inch (9cm)

**55914** 5½ inch (14cm)

**380KG** / 60 STONE / 840 LBS

# SILVA RAISERS

TRADITIONAL HARDWOOD WITH A BLACK FINISH TO BLEND INTO THE FURNITURE

## KEY FEATURES

- Raises beds with castors
- Strong and secure
- Available with screw or bayonet fittings

These hardwood Silva Raisers increase the height of any bed. The existing castors of the bed are removed, the raiser is inserted into the screw fitting, and then the original castors are replaced. A simple solution to raise the height of your bed

**IDEAL FOR:** Beds with castors.

5517	3 inch (7.5 cm)	Screw
5518	4 inch (10 cm)	Screw
5528	3 inch (7.5 cm)	Bayonet
5529	4 inch (10 cm)	Bayonet

**380KG** / 60 STONE / 840 LBS

LIFE WITH INDEPENDENCE, DIGNITY AND SAFETY

# LEG-X

PERFECT FOR ANY CHAIRS WHICH NEED TO BE MOVED

## KEY FEATURES

- Ideal for dining chairs
- Chair can be moved when raised
- Fits straight, curved and splayed legs

Leg-X furniture raisers fit tightly to chair legs and are even suitable for legs that have a curve or are splayed. A smooth domed base at the bottom allows the chair to be easily moved across the floor, making the Leg-X ideal for dining chairs, or a chair under a desk.

Flexible plastic fins inside grip each leg and drop-in blocks can be added to raise the chair to the desired height, from 3-5 inches (7.6-12.7 cm).

**IDEAL FOR:** Chairs with thin legs (such as dining chairs)

# CHOOSING A RAISED TOILET SEAT

A simple way to reduce excessive bending and over balancing for those with limited mobility. They can also help when recovering from some surgical procedures such as hip replacements.

Gordon Ellis & Co. are acknowledged experts in raised toilet seats. We have a seat to suit almost every need, producing the widest range of seats of any manufacturer.

Toilet raisers come in three standard sizes:

- 2 inch (5cm)
- 4 inch (10cm)
- 6 inch (15cm)

Our range includes raised toilet seats that can be easily removed for cleaning, seats for bariatric or dementia care, and seats with arms or on a frame.

## TO GET THE PERFECT POSITION:

To get the perfect position, your knees and hips should be at the same height when sat on the toilet seat. A seat that is too low can be uncomfortable and more difficult to stand up from.

1. Measure the distance between the floor and back of the thigh, just behind the knee. This is the recommended seat height.
2. Measure the current height of the seat, and subtract from the first measurement.
3. The difference between the two is the measurement of raise required.

## FITTING OUR RAISED TOILET SEATS:

Our Enterprise toilet seat has a unique fixing bracket which secures under the existing toilet seat, so you don't need to remove the existing seat and allows the Enterprise to be clipped on and off in seconds.

The Nobi and Big John replace the original seat. These are easily fixed just like a regular toilet seat, using the two existing holes in the back of the toilet bowl.

All our other Raised Toilet Seats use brackets to hold the seat in place on the toilet bowl, which are designed to be tightened by hand.

For security, all our raised toilet seats are fixed directly onto the toilet pan, not fixed on top of the original seat. Clear instructions are included with the seat, but please always check that it is securely attached before you sit down.

**This advice is intended as guidance and should not replace a thorough risk assessment. If in any doubt, please seek further information from an Occupational Therapist.**

# SERENITY TOILET SEAT

SMOOTH CONTOURED DESIGN FOR COMFORT AND HYGIENE.

## KEY FEATURES

- Clean design which doesn't draw attention
- Buy with a lid, or add a lid or P-Guard later
- Unique three position front bracket

A toilet seat that fits in with the rest of your bathroom.

The Serenity range of raised toilet seats make it easier to sit down and get up from the toilet. They are designed to look as close to a standard seat as possible. The smooth edges, concealed fittings and high gloss finish make it easier to clean, and therefore more attractive.

It is available with or without a lid, which is also sold separately so it can be added later.

The Serenity range has adjustable brackets for the best fit. It is easy to install and quick to remove for travel or when no longer needed, without any tools.

The Derby P-Guard can be attached directly to the Serenity seat to add a convenient splash guard (using the fittings supplied with every Serenity Toilet Seat.)

SIZE	RETAIL PACKS		BULK
	SEAT	SEAT & LID	PACKS

 **220KG / 34 STONE / 485LBS**

## SERENITY LID

If you have a Serenity toilet seat without a lid, it can be quickly added as an upgrade. Lids are available separately in a retail box and attach without tools.

**64620**

Lid Only

## DERBY P-GUARD

Prevents splashing and accidents that sometimes happen when sitting to use the toilet. The P-Guard has two parts - a soft plastic cup and a fixing bracket which allows the cup to be repositioned, bent away or removed.

Clips onto a Serenity seat, or use the included adhesive pad to fix it to a standard toilet seat or commode.

**60341**

Derby P-Guard

# PRIMA RAISED TOILET SEAT

## KEY FEATURES

- Easy to clean high gloss finish
- Fits securely on to most toilets
- Optional lid

The Prima Raised Toilet Seat reaches the highest standards in injection moulded toilet seats and is easy to clean, due to its concealed seam.

To give the user confidence, the seat is extremely stable by fixing securely in three places, with two side brackets and a drop nose at the front. Each side bracket has over-moulded rubber grips to ensure a tight fit on to the toilet.

It is available in 2 inch (5cm) and 4 inch (10cm) raises depending on the lift needed. A matching strong white lid can be supplied which can also be used as a bathroom seat if required.

 **190KG / 30 STONE / 420LBS**

Prima Raised Toilet Seat with PrimaSoft cover

# COSBY RAISED TOILET SEAT WITH LID

## KEY FEATURES

- Economical design for a competitive price
- Comes with a lid and attractive retail box
- Suitable for standard and elongated toilets

The Cosby Raised Toilet Seat has a high quality white gloss finish and provides a 4 inch (10cm) raise.

Its ergonomic design features front and rear cutaways with a wide aperture and seating area for additional comfort for the user.

The seat brackets have 180° bumpers and offer more adjustability than standard fixings.

These unique features allow the seat to be used on the widest range of toilet pans, even if very wide, narrow, elongated or an unusual shape. There are three adjustable brackets, two at the back with 180° bumpers and one at the front to securely hold onto almost any toilet pan.

It also features a fitted lid that can be used as a bathroom seat.

# DERBY RAISED TOILET SEAT

## KEY FEATURES

- The ultimate quality toilet seat
- Manufactured to exacting standards
- Quality metal fixings and traditional cream colour

The Derby Raised Toilet Seat launched worldwide in 1978 and is now a long established and trusted name. The seat is still produced to the same exacting standards now, including sturdy metal fixing brackets to hold it in place and a high quality barrel hinge for the lid. It has a deep skirt and dipped front. These features give the Derby seat a long service life.

# ASHBY RAISED TOILET SEATS

STRONG, LONG-LASTING AND SUITABLE FOR AUTOCLAVE USE.

CHOOSE THE RIGHT MODELS AND BRACKETS FOR YOUR NEEDS AND BUDGET.

Perfect for healthcare issue, the one piece moulding can be totally immersed for cleaning, or sterilised in an autoclave.

Ashby seats can be fitted securely to most toilets in a matter of seconds, locked on with brackets that are easily adjusted by hand. The top of the seat is shaped to distribute weight over a larger area, for comfort and stability.

**190KG / 30 STONE / 420LBS**

## CHOICE OF THREE MODELS

### ASHBY

All Ashby seats have a wide cutaway at the front allowing easy access for personal cleaning.

### ASHBY DELUXE

Deluxe models have a strong lid which can be used as a bathroom seat. The lid is supported by a high quality hinge which is sturdy and can be cleaned.

### ASHBY WIDE ACCESS

The wide access model has the widest front and rear cutaways available. It has four brackets creating an extra secure fit which assists in safe side transfers or where there is a lot of movement when sitting down.

## CHOICE OF THREE BRACKETS

### STANDARD

Three adjustable brackets, two at the sides and one at the front. Made with durable metal fixings for a long life in use.

### SUPER

Has our unique easy screw wheels, which are ideal for those with arthritis or a weak grip, or when others in the household regularly prefer to remove the raised toilet seat.

### EASY-FIT

Our most economical brackets, made of plastic with a rubber overmould for a secure hold on the toilet pan. Two brackets at the sides and a fixed drop nose at the front. Combines all the advantages of the Ashby range with cost effective brackets.

**ANTI-BACTERIAL PROTECTION BUILT IN**

Bulk Packs of Ashby raised toilet seats are moulded in Natural material impregnated with anti-bacterial protection, which helps to combat MRSA and lasts for the life of the product.

# ENTERPRISE TOILET SEAT

A HYGIENIC RAISED TOILET SEAT WITH BUILT-IN ARMS.

## KEY FEATURES

- 4 inch raise with built-in arms and lid
- Award winning fixing system
- Can be fitted and removed in seconds

The Enterprise gives support and stability by acting as both a raised toilet seat and a toilet surround rail. The built in arms support the user for an easy transfer; and the 4 inch (10cm) raised seat allows easier standing from a seated position.

The seat is a comfortable one piece moulding, with no joints or seams to trap dirt or germs.

The unique installation system requires no tools and allows the seat to be used without taking off the original toilet seat. Simply fit the installation bracket, and the Enterprise seat can be fitted, removed and refitted in seconds.

# NOBI RAISED TOILET SEATS

STRONG, STABLE AND STYLISH.

NOBI CLASSIC

## KEY FEATURES

- Integrated arms for support
- Quality stainless steel fixings to suit all toilets
- Compact for smaller bathrooms

The stylish Scandinavian design of the Nobi toilet seat sets the benchmark for all bathroom aids, as it is both practical and attractive, with a high gloss finish.

The Nobi offers a secure, safe and comfortable alternative to traditional toilet seats and compared to a toilet frame, the Nobi seat can fit neatly into a smaller bathroom.

# PRIMA MULTI-FRAME

## OUR MOST VERSATILE TOILET SURROUND.

### KEY FEATURES

- Unique design that fits neatly around toilet pan
- Arms correctly positioned for support
- Use frame only, or with shower and toilet seats

The Prima Multi-Frame features an innovative swan neck front which allows the frame to get even closer to the toilet pan. This helps to reduce the trip hazard inherent in all toilet surrounds. It is designed to surround a toilet with two stable arms either side of the user, to use for support.

Users can adjust the frame height and width to best suit their needs. The slip resistant feet help keep it steady in use.

It is supplied flat pack so it is convenient to store or to take travelling and is easily assembled without the need for any tools.

Comfortable moulded plastic toilet and shower seats are available, which clip easily on to the frame, making it the most versatile frame. Optional clip on arm caps are available.

<b>61530</b>	Optional arm caps (pair)

### ADVANTAGES

- Fits over the top of your existing toilet
- Adjustable legs for more flexibility
- Arms for easy transfer on and off the seat
- All four feet have full contact with the floor
- Weight limit of 30 stone (190kg)
- Available with optional seats that clip on and off the frame quickly

# TOILET AID RANGE

TOILET FRAME WITH ADJUSTABLE LEGS AND CHOICE OF TOILET SEATS.

## KEY FEATURES

- Choice of three seats to suit your needs
- Unique leg design for best possible stability
- Ideal for steam cleaning or in an autoclave

## COSBY TOILET AID

The metal frame is comfortable and easy to use providing a stable and safe base with built in arms. It has six height options in 1 inch (2.5cm) increments and all feet sit flat on the floor to ensure stability. There is a choice of three toilet seats which easily clip onto the frame, without the need for tools.

# BATH STEPS

HELPS PEOPLE TO KEEP THEIR BALANCE WHEN USING A BATH OR SHOWER  
REDUCING THE HEIGHT BETWEEN A BATH AND THE FLOOR TO PROVIDE  
SAFETY AND REASSURANCE.

## PANDA STEP

### KEY FEATURES

- Ideal for use throughout your home
- Provides a step up into the bath or shower
- Beautiful bamboo with wave design

The Panda Step is perfect throughout the home with its attractive design and high quality finish. Made from bamboo in a natural colour it features a wave design which gives grip and allows water to flow away.

It helps the user access the bath by making the floor level closer to the level the inside the bath to reduce over-balancing.

The Panda Step is 4 inch (10cm) high, with smooth, rounded edges. There are slip resistant pads underneath and the natural water-resistant qualities make it ideal for bathrooms.

**Can also be used in other rooms around the home such as by a bed or where there is a step down to a lower level.**

55920

Panda Step

# ASHBY STEP TWO

ONE STEP, TWO HEIGHTS.

## KEY FEATURES

- Easier and safer access for the bath and shower
- Two heights in one unit
- Large textured step area with slip-resist feet

The Ashby Step Two allows users to choose the height closest to the base of the bath by flipping the step over. One side gives a 4 inch (10cm) step and the other gives a higher 6 inch (15cm) step. It provides a large textured standing area for both feet, so the user can be steady before stepping over the side of the bath. Once in position, four secure slip-resistant feet help keep the step in place. It features a convenient handle in the middle making it easy to move and carry.

As a single piece moulding the step is easy to clean and can be put into an autoclave.

6296

# LANGHAM K40

ADJUSTABLE PLATFORM BATH STEP

## KEY FEATURES

- Strong adjustable step for around the home
- Add or remove sections for the perfect height
- Slip resistant surface ideal for the bathroom

The K40 step is modular, allowing extra sections to be added or removed to different heights as needed.

Each section is 1 inch (2 ½ cm) thick and slots into the section below to build a secure, stable platform.

It is supplied with four sections and two packs can be used to build a step up to a maximum of 8 inches (20cm) tall, subject to your own risk assessment.

It features four rubber feet and a textured slip resistant surface.

# PRIMA BATH STEP

USE AS SINGLE STEP OR LINKED TO CREATE A PLATFORM OR SET OF STEPS.

## KEY FEATURES

- Adjusts to the right height for you
- Can be used as a single step or linked to create a staircase
- Large slip resist surface for comfort and grip

The Prima Bath Step is modular making it our most versatile bath step. It features a large surface area with built-in pads to add grip, giving the user additional confidence in the bathroom.

It can be used as an individual step at your choice of height, between 2-12 inch (5cm - 30cm) - subject to your risk assessment, steps can link together using the link bar to create a larger platform, or several steps up to a bath.

Each box contains a 2 inch (5cm) step, plus two 1 inch (2.5 cm) raiser sections, four soft feet to reduce slipping and a link bar to connect two steps together, side by side.

**Additional packs of raiser sections can be bought separately.**

# PRIMA GRAB BARS

HIGH QUALITY BARS  
WITH SOFT SLIP  
RESISTANT GRIPS.

## KEY FEATURES

- Innovative design with no visible screws once installed
- Soft ribs help to improve grip, even when wet
- Attractive and warm to the touch

The Prima Grab Bar range is high quality, smart in appearance and long-lasting in use.

The grab rail exterior is made of white plastic with ribbed grips, over-moulded horizontally on to the rail to prevent the user's hand slipping down the bar when wet.

It been ergonomically designed with an oval cross-section, to match the human grip and features a strong concealed aluminium core for strength. The plastic exterior is always warm to the touch.

They can be installed vertically or horizontally, alone or in combination. The strong fixing points are hidden by two end caps.

Available in 13 inch (33cm) and 16 inch (40.5cm) angled versions, and 12 inch (30.5cm), 16 inch(40.5cm), 18 inch (45.5cm) and 24 inch (61cm) straight versions.

# BATH BOARDS

HELPING THOSE WITH STIFF JOINTS OR POOR BALANCE TO HAVE A SAFE AND RELAXING SHOWER OR BATH.

## COSBY BATH BOARD

### KEY FEATURES

- Comfortable, strong and slim
- Adjusts easily and fits securely to most baths
- Designed to match Cosby bath seat

Slim line 1 inch (25mm) thick design with a unique combination of a waterproof plywood base and a plastic seating area without any slats or holes shaped for comfort and drainage. Four adjustable pillars hold the bath board in place and secure it against the sides of the bath with rubber grooves for increased grip. It has the greatest range of adjustability, suitable for baths with an internal measurement of 480-700mm.

 **190KG / 30 STONE / 420 LBS**

## DERBY BATH BOARD

### KEY FEATURES

- Strong and secure over bath board
- Slats to stop water collecting
- Easy to use and clean, by hand or autoclave

The one piece plastic moulding is lightweight, strong and hygienic and able to be autoclaved. It has a slatted design, a coccyx cutaway for comfort, a soap dish at both ends and a slight rear uplift to indicate the back of the board. Four rubber ended pillars fit securely in a variety of bath shapes and are ideal for narrow baths. An optional handle is available for a firm gripping point.

 **190KG / 30 STONE / 420 LBS**

# BATH SEATS

FOR USE BY PEOPLE WHO HAVE DIFFICULTY LOWERING FULLY INTO THE BATH. USE ON ITS OWN, OR WITH A BATH BOARD.

## COSBY BATH SEAT

### KEY FEATURES

- Lightweight and quick to remove
- Smooth contoured seat for comfort and drainage
- One piece moulding without slats

A sturdy but lightweight seat without any slats, making it comfortable to sit on and easy to clean. It has a textured surface to help prevent slipping and a cutaway at the front to make washing easier. The four legs have large suckers to fix the seat securely to the base of the bath. It is only suitable for baths with a smooth, non textured base.

6408

Cosby Bath Seat

**190KG / 30 STONE / 420 LBS**

## DERBY BATH SEAT

### KEY FEATURES

- Available in two heights
- Width adjustable legs for narrow baths
- Easily removed for cleaning

Designed to sit neatly in a bath, with a comfortable yet slip-resistant seat and sturdy ABS construction for durability and security. The legs are width adjustable to suit narrow baths and four large suckers hold firmly to the base of the bath. It is only suitable for baths with a smooth, non-textured base.

# ASHBY BATH SHORTENER

REDUCES THE LENGTH OF A BATH

## KEY FEATURES

- Safety in the bath for shorter people
- Prevents slipping down
- Four suckers attach securely

Reducing the internal length of the bath, it allows shorter people to rest their feet on something solid for added safety and comfort.

Four large suckers secure the Shortener to the base and side of the bath and are easily removed when needed.

A hole in the base allows water to enter; and a breather hole under the handle allows air to escape, meaning that it doesn't interfere with filling or draining the bath.

The Ashby Bath Shortener is only suitable for baths with a smooth, non-textured base.

6290

Ashby Bath Shortener

**190KG / 30 STONE / 420 LBS**

# DERBY TAP TURNERS

PROVIDES ADDITIONAL LEVERAGE TO TAPS

## KEY FEATURES

- Suitable for both cross head and crystal taps
- Large colourful handles for easy identification
- Quick to fit, no tools needed

Standard household taps can be difficult to turn, especially for those with poor grip or arthritis. Derby Tap Turners can solve this problem by providing large textured handles which are easier to push.

The screw-in handles grip the tap with a soft non-slip inner lining, providing the extra leverage needed to turn the taps with ease. They can be used on both capstan and crystal type taps, with no tools required.

Colour coded in red and blue to allow users to quickly identify the correct tap.

# PRIMA MODULAR SHOWER CHAIR

AN ATTRACTIVE AND PRACTICAL SHOWER CHAIR.

## KEY FEATURES

- Aluminium will not leave rust marks in the shower
- Lightweight and packs down for travel
- Great height adjustable range from 16½ - 22½ inch (42 - 57 cm)

This modular shower chair can be made into a simple stool, with arms or a full chair with a smooth contoured backrest. Each part simply clips together for easy assembly without the use of tools.

Made from aluminium, it is rust resistant and lightweight. It features height adjustable legs fitted with rubber ferrules to provide grip and help prevent slipping, even on wet surfaces. Holes in the metal work help to prevent water collecting inside.

**This is part of the Prima Modular 3 in 1 Chair Range, see page 40 for the Perching Chair.**

**190KG / 30 STONE / 420 LBS**

**66173**

Shower Chair with Arms and Back  
(supplied in a small retail box)

# DEMENTIA CARE PRODUCTS

FOR PEOPLE WITH DEMENTIA RELATED VISUAL RECOGNITION ISSUES.

A white toilet and grab rail against white tiles can make it hard for people to find their way around the bathroom, which can result in anxiety and loss of dignity. Red is a colour associated with alert and it attracts attention.

Research has shown that increased brain wave activity can stimulate the production of adrenalin in the bloodstream. Therefore by using highly visible, high contrast colours for grab bars and toilet seats, it allows the user to recognise

and understand their environment - boosting their confidence and independence.

However, sometimes one size does not fit all and red coloured items do not work for everyone. To address this, we also make these products in a deep blue colour which is still highly visible and high contrast against a white bathroom suite.

## RED AND BLUE ASHBY GRAB BARS

Red or blue Ashby grab bars give easy visibility and recognition, helping to prevent falls.

ASHBY GRAB RAILS STRAIGHT

# BARIATRIC CARE PRODUCTS

A RANGE OF PRODUCTS DESIGNED WITH A HIGH MAXIMUM USER WEIGHT OF 300KG OR MORE.

## BIG JOHN COMMODE AND TOILET AID

### KEY FEATURES

- 2-in-1 design with the Big John toilet seat
- Gives a 380kg weight limit to any toilet
- Provides two arms to make rising easier

This versatile product combines our large, comfortable Big John toilet seat with a strong height adjustable frame. It offers additional stability, with two arms to support the user and legs which have four ferrules sitting flat on the floor to provide a steady base. The lowest seat height is just 18½ inch (47cm) to a maximum of 22½ inch (57cm). Use as an over-toilet frame or as a freestanding commode with the included Burton Commode Pan.

It arrives flatpack and easily packs down again for travel or storage.

66240/SET

Big John Commode

**380KG / 60 STONE / 840 LBS**

**BURTON** COMMODOE PAN

# BIG JOHN TOILET SEAT

75% LARGER SEAT AREA.

## KEY FEATURES

- Attractive and comfortable
- 75% more seat area than standard seats
- Ideal for side transfers due to high grip bumpers

The Big John Toilet Seat gives more support for those who find a standard toilet seat uncomfortable by increasing the seat width to 19 inch (48cm) and adding a slightly higher raise of 1½ (4cm). It also has a larger aperture than many other seats.

For installation onto virtually every toilet, simply remove the existing seat and attach the Big John through the toilet pan using the two rust-resistant bolts and fixing.

Made to a high standard with sturdy bumpers underneath to create a stable seat and a high gloss finish with matching lid.

66234

Big John Toilet Seat

**380KG / 60 STONE / 84 LBS**

# COSBY HEAVY DUTY BATH BOARD

MORE SAFETY AND COMFORT.

## KEY FEATURES

- Our strongest bath board
- Held securely in place at four points
- No slats, for a comfortable shower or bath

This Heavy Duty Bath Board has the same design as the Cosby Bath Board (page 29) but has additional support underneath which gives a higher maximum user weight.

This bath board provides ample support to give the user more confidence when bathing.

Adjustable and easy to fit with four screw in pillars which adjust to the angle of the bath.

# KITCHEN

WE ARE ALWAYS LOOKING FOR  
NEW WAYS TO MAKE EVERYDAY  
TASKS EASIER.

Our Kitchen range provides valuable assistance for those with weak grip or reduced mobility, helping them to increase their independence and enjoy being in the kitchen.

KITCHEN

OUTDOOR

BEDROOM

# PRIMA MODULAR PERCHING CHAIR

GIVING MORE COMFORT WHEN DOING KITCHEN TASKS.

## KEY FEATURES

- Angled seat for comfort while doing household jobs like cooking and ironing
- Adjustable legs to ensure ideal height for the user
- Quick to assemble and easy to clean

The Prima Modular Perching Chair positions the user in a semi-standing position so they are more comfortable while doing kitchen tasks and at the right height for work surfaces. The sloping seat and arm rests make it easier to rise out of the chair and the smooth contoured back rest gives more comfortable support. It is height adjustable so the user can easily adapt to meet their needs.

Each leg has a ferrule at the end which provides grip, even on wet surfaces, and holes in the metal work help to prevent water collecting inside.

This is part of the Prima Modular range, see page 32 for the shower chair.

**66153** Complete Chair with Arms and Back Rest

**190KG / 30 STONE / 419LBS**

# DERWENT TROLLEY

ASSISTING THOSE WHO ARE UNSTEADY ON THEIR FEET.

## KEY FEATURES

- Transports items easily around your home
- Move hot food and drinks with more safety
- Maintains independence

Enables the user to safely transfer food or heavy items from one room to another. The trolley has two heat resistant melamine coated shelves and an attractive beech frame.

The top shelf is at the ideal height for sliding a plate on from the worktop and the lower shelf has a cutaway for the users legs. The castors have rubber tyres for easy manoeuvring across a range of floors.

		TRAY SIZE	CASTOR SIZE

**15KG / 2.36 STONE / 33LBS**

# DERBY SPILL NOT

HOLDS JARS IN PLACE FOR EASY OPENING.

## KEY FEATURES

- Open jars and bottles of many shapes and sizes
- One hand operation
- Hold jars and bottles steady preventing spills

Assists those with limited grip or the use of only one hand to open jars and bottles. The rubber grip holds the jar steady when opening or spooning out the contents to prevent spillage.

Three inverted rubber cones are used to hold a container steady such as drinks bottles or child proof medicine containers, from 1 inch (25mm) to 4 inch (100mm) in size. A further three opener cones are included to make opening tricky jars easier.

A rubber base helps to stop the Spill Not moving on smooth surfaces and the unique design makes it a smart addition to your kitchen.

60171

Derby Spill Not

# DERBY PREP BOARD

MAKES MAKING SANDWICHES A BREEZE.

## KEY FEATURES

- Designed for single hand use
- Makes it easier to prepare food
- Hygienic plastic surface for quick cleaning

A food preparation board which creates a stable preparation surface for spreading or slicing with one hand.

Designed for those with limited hand use. The board is held in place by non-slip contact pads, and a curved lip which rests against the work surface.

The rear of the board keeps food in place, preventing it from slipping around when spreading, or when picking the food up off the board.

6029/W

Derby Preparation Board

# DERBY TIPPER

LIFTING A HEAVY KETTLE IS NOW A THING OF THE PAST.

## KEY FEATURES

- Pour a kettle or teapot without having to lift it
- Makes your existing kettle safer and lighter
- Heat resistant platform provides stability when pouring

Boiling a kettle is an everyday task, but it can be difficult for those with a physical tremor or a weak grip. The Tipper helps to solve this problem by removing the need to lift the kettle, making it lighter and safer.

A Velcro strap is included to anchor the kettle to the Tipper. An optional stability base is available, which helps to secure tall jugs kettles and provides a tray to catch any drips. We recommend using a small jug to fill the water, so that there is no need to lift the kettle off the Tipper.

## DERBY PREPARATION BOARD

**Dimensions (LxW):** 9 x 9 inch (220 x 220mm)

# OUTDOOR

**OUR OUTDOOR RANGE  
OFFERS ASSISTANCE FOR THOSE  
WITH REDUCED MOBILITY.**

Simple additions like a half step or grab bar,  
can make a world of difference, helping  
people to get out and enjoy the great  
outdoors.

# PLASTIC HALF STEPS

DEVELOPED FOR THOSE WHO FIND IT DIFFICULT GETTING IN AND OUT OF THEIR HOMES.

The step halves the height between the door and the ground, allowing the user to be steady on the large surface before making the next step down. Our plastic half steps are built for the outdoors, being rust resistant and long-lasting even in cold or heat.

## BIGFOOT HALF STEP

The Bigfoot Half Step is the ultimate outdoor step.

Support handles are available, offering a great solution to avoid permanently fixing a grab rail by the door. One or two handles can be attached by simply clipping in to the step, and they are easily removed for transport.

The new step surface gives an impressive 50 stone (318kg) maximum user weight, with fixed grips to give our best possible slip resistance on the steps surface.

The height can be adjusted from 4 to 5 inches to make the perfect level to step out from your door.

**Comes with a floor fixing kit for use with support handles.**

66095

Bigfoot Half Step

**318KG / 50 STONE / 700LBS**

66097

Bigfoot Half Step Support  
Handle (single)

# DERBY HALF STEP

FEATURES A SLIP RESISTANT MAT  
AND ADJUSTABLE LEVELLING FEET.

The Derby Half Step gives users additional stability when stepping down from the door. It has four feet that adjust to the level of the ground to provide a secure platform for the user. It also features a slip resistant rubber mat which simply locates with the raised sections of the step surface and can be removed for cleaning.

66091

4 inch (10cm)

66092

5 inch (12.5cm)

**190KG / 30 STONE / 419LBS**

# LANGHAM HALF STEP

AN ATTRACTIVE, COST-EFFECTIVE STEP.

Designed with clever features like a textured surface to provide grip and edges that allow rain to run off, preventing water collecting on top. The Langham Half Step has four feet that adjust to suit the ground giving a safe platform to step off or on to.

LP/PHS

BEDROOM

# METAL HALF STEPS

OUR METAL HALF STEPS PREVENT TRIPS AND FALLS AND CAN ACCOMMODATE A WALKING FRAME.

## K30 METAL HALF STEP

The K30 Half Step is strong and stable and features slip resistant feet which can be adjusted to the level of the ground. It also has a slip resistant tread on the top for added grip.

Where a walking frame is needed, you may find the K30L Half Step helpful, as it has a larger surface suitable for the user and their walking frame.

**K30** Standard Metal Step

**K30L** Large Metal Step

**190KG / 30 STONE / 420LBS**

## GETTING THE BEST FROM YOUR HALF STEP

- A grab bar like our Prima Outdoor Grab Bar positioned next to the step, can help the user to make a steady transfer.
- We recommend treading centrally onto the step surface rather than onto the edges of the step, ideally turning sideways using both hands on the grab bar.
- All of our half steps fit the whole width of a door, for maximum ease and safety.

# PRIMA OUTDOOR GRAB BAR

A WELL SITUATED GRAB BAR CAN MAKE ALL THE DIFFERENCE TO THE SAFETY AND CONFIDENCE OF USERS OUTSIDE THEIR HOME.

## KEY FEATURES

- Grips to help prevent the user's hand slipping
- Strong plastic bar which is warm to the touch, unlike metal
- Concealed aluminium core for a high maximum user weight

The Prima Outdoor Grab Bar is the ideal rail for outside the front or back door, helping users get in and out of their home.

The subtle colour is a lot more discreet than white metal rails and can blend into its surrounding when positioned on brick work.

It is fully weather resistant, and features our unique Prima rubber grips which help to prevent the users hand slipping, even when wet. It is always warm to the touch, and has an oval cross-section which ergonomically matches the human grip.

Grab bars can be subject to some hefty pulls and sudden tugs, so they are made from robust materials and have strong hidden fixing points. The Prima Outdoor Grab Bar has a high maximum load limit of 160kg / 25 stone, due to a concealed aluminium core running through the middle of the bar.

It is essential that grab bars are fitted competently, according to the instructions, or seek professional advice from a qualified tradesman.

# SINCLAIR DOOR WEDGE

DOOR WEDGE WITH  
TELESCOPIC HANDLE

## KEY FEATURES

- Holds door open with no bending
- Easily fits into your bag
- Features a magnet to pick up dropped keys

The Sinclair Door Wedge holds doors open for you, ideal for wheelchair users. The telescopic handle means there is no need to bend to put it in place, perfect for anybody who struggles to bend when using a door wedge. It can even be used to pick up dropped keys thanks to the built-in magnet. Simply put it in your bag, or hang it on your wheelchair or door handle so you can use it wherever you go.

6060

Sinclair Door Wedge

# SPRINGBOK HANDLE

PUT SOME SPRING BACK  
IN YOUR STEP

## KEY FEATURES

- Assists in standing up
- Springs out of the way when not needed
- Suitable for fixed canes or folding sticks

The Springbok Handle adds a second handle to your walking stick, making it easier for users to stand up, by placing the walking stick centrally and using both hands to push up. It easily attaches to a wide range of walking stick diameters, from 19-22½mm. It is ideal for standing up from a seat, getting out of a car or after kneeling down for gardening. The comfortable handle springs out of the way when not needed so you can't catch it on anything. An essential extra for every walking stick.

# CEREBRA SLEDGE

## BEAUTIFUL SLEDGE FOR CHILDREN WITH DISABILITIES

Gordon Ellis & Co are proud to make these high quality wooden sledges for Cerebra, with a seat on the back for parents or siblings to join in.

### KEY FEATURES

- Moves in the snow when wheelchairs get stuck
- Seat on the back for parents or siblings to join in
- Adjustable straps and seat angle

The Cerebra Sledge was developed for Sarah, who had to sit inside while other children in the village went off playing in the snow. She needed a fully supportive seat on a sledge that would not get stuck in the snow like her wheelchair. The sledge has a low centre of gravity and is fitted with straps for safety, armrests and a corded lead to pull it around or back up the hill.

# BEDROOM

**150 YEARS OF FURNITURE  
EXPERTISE.**

Our company has traditional woodworking skills dating back to 1860. We continue to apply this with care and know-how today in our range of bedroom commode chairs.

# OVER 150 YEARS OF FURNITURE MAKING

OUR BEDSIDE COMMODE CHAIRS HAVE HELPED THOUSANDS OF PEOPLE TO MAINTAIN THEIR INDEPENDENCE, DIGNITY AND SAFETY.

## COMMUNE CHAIRS

For someone who has difficulty getting to the bathroom from their bed, a bedside commode chair could be the answer: Our commodes come in a range of different styles and many are disguised as regular chairs, fitting in with the rest of the furniture in the room.

**Before choosing your commode, you need to consider your needs:**

- How discreet do you need it to be?
- Do you need to be able to adjust the height of the commode?
- Would a Bariatric commode or a compact commode be more suitable?
- Normal commode use, or new flushing and bidet options?

### AVAILABLE COLOURS

## ASHBY AND BURTON COMMUNE PANS

All our commodes are easy to keep clean and feature our unique Lock and Lift Lid, which locks the lid firmly down, making it easy to carry. The handle on the back of the pan helps the user to keep a steady grip when emptying it. The contoured shape is suitable for both men and women and blends into the seat area of our commodes for extra comfort.

# BASKETWEAVE COMMUNE

TRADITIONAL LLOYD LOOM  
WOODEN FRAMED COMMUNE.

## KEY FEATURES

- Attractive basketweave design
- Concealed commode pan
- High sides offer extra support

This Basketweave commode is hand crafted from beech wood, with an attractive white and gold weave. It features a hidden self-locking Ashby commode pan commode pan, concealed completely from view by the comfortable seat cushion.

The high sides of the chair give support for the hand and forearm when rising from the chair, along with discreet privacy for the user.

# ROYALE COMMUNE

HIGH QUALITY TRADITIONAL  
DESIGN.

## KEY FEATURES

- Attractive hard wood design
- Commode pan hidden from view
- Solid arms to support user when standing

The sturdy construction of the Royale commodes give the user support and confidence when using the chairs. The comfortable, easy to clean and fire resistant upholstered seat is hinged and when pushed back, reveals the hidden commode. The seat, cassette and commode pan are easy to remove and replace and the chair can be a functional piece of daily furniture if the cassette is permanently removed.

For additional comfort the Extra Wide Royale is available with a larger seat width, suitable for bariatric use.

# ROYALE FLUSHING COMMUNE

DISCREET AND HYGIENIC.

## KEY FEATURES

- Innovative design
- Attractive and comfortable
- Hygienic and easy to empty

This design brings all the benefits of a stylish and comfortable Royale Commune with the convenience of a hygienic flushing toilet. It can be used multiple times before the tank has to be emptied, making life easier for the user or their carer.

It comprises of two detachable sections; an upper section which is a combined flush water tank and toilet bowl, with a removable toilet seat and lid. It then has a lower section with a sealed waste tank.

A pump handle activates the flushing system, and washes the waste down to the sealed holding tank, where chemicals break it down and destroy any odours

The holding tank slides out of the commode base to allow quick disposal and easy cleaning.

**55001/BR**

Royale Flushing Commune

 **190KG / 30 STONE / 420LBS**

# ASHBY COMMUNE

HEIGHT ADJUSTABLE COMMUNE  
STOOL OR CHAIR.

## KEY FEATURES

- Compact chair or stool
- Height adjustable legs for more comfort
- Fits neatly alongside a bed

It's compact size and height adjustability make this commode ideal for bedside use. The chair features a smooth curved backrest and arms which give support to the user, and improved accessibility. The soft padded cushion, upholstered in washable vinyl conceals the built in commode pan, while the all-plastic construction of the optional back rest make it easy to thoroughly clean.

# DERBY CORNER COMMUNE

SPACE SAVING COMMUNE.

## KEY FEATURES

- Extra wide 90° accessibility
- Best for side transfers
- Large seating area

The unique corner shape of the Derby Corner Commune provides access from the front, or either side, making side transfers easier.

The wide 90° access between the arms, combined with a large contoured seating area, provides additional comfort for any user. Sturdy legs in each corner give a high level of stability. Under the seat cushion is a swivelling commode pan that can be securely positioned to the left, right or centre for user comfort.

The frame is polished hardwood and the seat swab and backrest are padded with brown vinyl upholstery.

Derby Corner Commune

**254KG / 40 STONE / 560LBS**

BEDROOM

# DIGNITY COMMODE

PORTABLE WASH AND DRY BIDET.

APPROVED BY THE NHS DEVICES FOR DIGNITY TEAM.

## KEY FEATURES

- No installation required
- Reduces the need for a carer
- Promotes independence and restores dignity

The Dignity Commode reduces the need for a carer, restoring dignity and independence by allowing people to clean themselves after toileting. The commode warms the water to a comfortable temperature (adjustable by the user) and has a controlled water spray for personal cleaning and a warm air blower to dry afterwards. Waste collects in the commode pan for easy disposal and is easy to clean as it is made from hygienic white plastic and plastic coated steel. The electronic bidet toilet then unclips from the main body so that the commode base can be cleaned separately. Easy installation allows the commode to simply plug into a standard power socket and has a small water tank on the side for refilling. It is portable and can be locked in place for stability.

## FEATURES FOR ADDITIONAL COMFORT

- Wall mountable remote control with large clear buttons
- Controllable heated seat and water
- Adjustable water pressure and spray arm, giving a comfortable bidet wash
- Small light under seat for use at night
- Height adjustable frame

62425 UK Specification

**160KG / 25 STONE / 350LBS**

## DEVELOPED WITH THE NHS

The Dignity Commode has received praise from the NICE, the National Institute for Health and Clinical Excellence, who said it "could have tremendous impact on the quality of care provided for patients who have suffered a stroke or patients with incontinence". The design has been refined and approved by the NHS Devices for Dignity team.

# VOYAGER

LIGHTWEIGHT, FOLDING  
COMMUNE CHAIR FOR EASY  
TRAVELING.

## KEY FEATURES

- Award winning design for travel
- Use as a commode, over-toilet chair or shower chair
- Lightweight and folds for transport

Ideal for traveling as well as in the home, this folding commode combines convenience with comfort. The Voyager can be used as a shower chair, an over-toilet chair or as a commode using the included commode pan. The aluminium frame will not rust and is light and small when folded, but strong and height adjustable.

The seat height can be adjusted from 17½ - 22½ inch (450-570mm).

# DEVON COMMUNE

COMPACT, ERGONOMIC  
COMMUNE

## KEY FEATURES

- Space saving design
- Easy-clean vinyl
- Available as flat pack option

The Devon Commune gives the best possible hygiene and comfort, in a compact space-saving design. The tough hygienic plastic construction features a sealed vinyl cushion and plastic seating area making it easy to clean. It has sturdy arms and back which provide a high level of structural rigidity, helping to support the user.

BEDROOM

# PANDA STEP

PERFECT THROUGHOUT THE HOME WITH ATTRACTIVE DESIGN AND HIGH QUALITY FINISH.

## KEY FEATURES

- Ideal for use throughout your home
- Gives you a step up into the bath, or into bed
- Beautiful wave design bamboo

The Panda Step has both style and safety and is suitable for any room in your home. Made from bamboo in a natural colour it features an attractive wave design which gives grip.

It can be used to help get in and out of a bed where the mattress is too high as it makes the distance between the floor and bed closer, to reduce over-balancing.

If you have rooms where there is a step down to a lower level, the Panda Step is ideal because it helps to reduce the height between two levels. The Panda Step is 4 inch (10cm) high, with smooth rounded edges and slip resistant pads underneath.

**Also suitable for bathrooms**

# PANDA TRANSFER BOARD

SAFER INDEPENDENT OR ASSISTED TRANSFERS

## KEY FEATURES

- Attractive and strong bamboo design
- Ideal for people with limited mobility or strength
- Curved design available with handle

Ideal for people with limited mobility or strength, these smooth high gloss boards make it easier to move from a wheelchair to a car, bed or chair. It is suitable for assisted or unassisted transfers and the curved design features four slip-resistant pads for extra grip. It is water resistant, easy to clean and has rounded edges and corners for extra comfort. The curved design has been specifically designed to fit around the arm of a wheelchair.
